

Summer Learning! Free Summer 2021 Programs

HIGH SCHOOL STUDENTS

In DPS, we believe it is important to keep our students learning, safe, and healthy every summer, ensuring they return to school in the fall ready to succeed.

The programs listed below are FREE and provide students with opportunities to earn college credits, gain career experiences, prepare for high school, and even earn \$\$ this summer!

Summer School Opportunities

Concurrent Enrollment (CE) Summer Courses

Concurrent Enrollment provides students the opportunity to take college classes and earn both high school and college credits at no cost! Learn more here: [Student Flier](#)

Regional Summer School

The 2021 Regional Summer School provides students hybrid and remote learning opportunities with Edgenuity to engage in credit recovery. Please contact your school counselor to sign up. Learn more here: [Flier](#)

Summer Programs for Freshman

Ninth Grade Academy

Ninth Grade Academy is an opportunity for incoming students to get acquainted with staff, peers, and the school building to ensure students have a successful high school experience. This is a 1-week program offered two weeks before the start of the school year. All freshmen at participating schools are encouraged to attend! Email ninthgradeacademy@dpsk12.org for more information and to enroll.

Ready for 2025

Ready for 2025 is a 3-week program in July for incoming ninth graders at participating schools that focuses on literacy, math, postsecondary exploration and high school introductions. Contact your school counselor for more information or email aviva_katz@dpsk12.org.

Industry Exploration and Apprenticeships

Mayor's Summer Youth Employment Program

Gain skills to pay bills! Are you looking for opportunities to make money and grow or expand your workforce readiness, leadership and team skills this summer? Check out the Mayor's Summer Youth Employment Program for summer 2021! Learn more here: [Website](#)

Student Apprenticeship Opportunity

Receive career experience in a field that interests you, and get paid doing it! The DPS apprenticeship program is currently seeking sophomores and juniors interested in applying for a 3-year apprenticeship to begin in Fall 2021. Follow these links to learn more: [English](#) | [Spanish](#) | [Vietnamese](#) and [Apprenticeship Program FAQ](#). To see a list of current job openings, click [here](#). To begin the application process, complete this [Interest Survey](#) and meet with your [Navigator](#).

Student Campos ENvision

Learn what it takes to be successful as an engineering major! ENvision is a 4-week virtual engineering program for rising 12th, 11th, and 10th grade students where students engage in activities that show the various disciplines within Engineering. Learn more here: [Brochure](#)

Summer Enrichment Programs

Generation Teach Summer Fellowship

Generation Teach fellowships include a dynamic summer of learning, teaching, creating community, and leading; plus a **\$2,800 scholarship** and over 300 hours of meaningful service and leadership experience. Applicants can participate in both in-person or virtually this summer. The next deadline is May 5th. Learn more through this [flier](#), listen to reflections from past fellows [here](#), and apply [here](#) today.

Boys & Girls Clubs

Join Boys & Girls Clubs of Metro Denver this summer for a variety of programs designed to keep kids and teens active and engaged. Activities include summer learning, field trips, team sports (including baseball and softball), leadership programs, cultural arts activities and more! Summer programs are open to all school-aged youth grades K-12. Learn more here: [Website](#)
